FTP 2 SMS

Quick Facts

- Easily send hundreds to millions of SMS via FTP
- Intergrade into almost any system
- SMS Inbox available
- Low IP Network Load
- Full Reporting available online

FTP 2 SMS offers a pure Bulk SMS tool for sending anything from a few hundred to a few million SMS. It is mainly aimed at Developers.

SMS are received from an FTP location and submitted to the SMS Gateway for immediate sending.

FTP 2 SMS has the potential to be fully automated, is simple to intergrate into legacy systems, has a low IP network load and enjoys complete historical logs available on-line.

How does the product work?

Easily configure your details online and we will automatically poll your FTP folder for new SMS to send.

Volumes

A few hundred to a few million a month.

Networks

We send to South African networks as well as all International destinations.
