

A man with a beard, wearing a red hoodie and black pants, stands with his arms outstretched against a brick wall. A large red circular graphic is drawn around him, with a line extending from the top right to the bottom left, framing the text. The text "Reverse Billed SMS" is written in white, bold, sans-serif font across the middle of the image.

**Reverse Billed SMS**

## Quick Facts

- Receive SMS from a reverse billed short code and/or long code
- Integrates into your system or database with URL Caller
- 2-way SMS (Push and Pull)
- Full Reporting available online
- Receive more responses as there are no costs to end users

Make receiving information via SMS easy! Reverse Billed SMS gives you a unique short code and/or long code number..

As it is reverse billed end users do not pay anything to SMS in. You will simply pay the cost for them on your Vodacom Messaging Account.

You are also able to reply to these SMS's should you so wish and these messages will be sent from your messaging account. allowing for a closed circle of communication.

Developers have an option to configure a URL which we will call with your incoming messages over HTTP.

Please contact [internalwaspsalesteam@vodacom.co.za](mailto:internalwaspsalesteam@vodacom.co.za) to check short code number availability before subscribing.

Please note that this product is not available to Vodacom Messaging Pre-Paid account holders.

60 000 001+	R0.1364

## Options:

- A Reverse Billed Long Code is not a pre-requisite to using the service as a Standard Rated one is set by default.
- A Reverse Billed Long Code may be used as a standalone solution.

## Notes

Messaging Accounts have a minimum spend of R155 per month on SMS and/or MMS traffic.

**A Reverse Billed SMS service is effectively an open line and we are unable stop people SMSing through.  
The Number(s) can be de-registered by the networks but this can take anywhere from days to a few  
weeks to complete.**
